Importance: High

Hey Larry,

This is beyond my area of knowledge in terms of MOUs and arragements with OPS for support. See below in red.

In short, should we go through a formal TSG ask to OPS first (to see if they are able to fulfill the request) before we make a Crops to Crops ask to C Div.

Mitch

Subject: Planning and Preparation for Truckers Protest - National Division CIP
Importance: High

Good morning Mel,

The following points for your briefing note as requested

- National Division CIP Teams including PRU, ERT, TSG, CNT, CIC, Scribe and TPU (Protective operations Response Unit, Emergency Response Team, Tactical Support Group, Crisis Negotiator Team, Critical Incident Commanders, Scribes and Tactical Paramedic Unit) are actively engaged in the planning cycle for this event. The overall planning is being conducted by POCC and we are preparing to assist the protective units and plan contingencies.
- To this point our main Course of Action (COA) is the protection of the Rideau Grounds and Harrington Lake
- Our assumption at this point is that this event will be focused on our TSG (formerly Tactical Troup). In major events like this we look for the support / redundancy and back up of C and O Division TSG. Intel combined with the risk that roads will be blocked is currently being planned for. Crops to Crops requests will follow shortly for interdivision assistance.
- Any Deployment of TSG will require a representation of ERT members for lethal over-watch
- Our current COA will be to have CIP units present in the posture of both noted locations to support the protective units.

- National Division CIP has not been in receipt of a request for assistance from any other police agency or protective entity (ex OPS, PPS)
- **PPS first request for public order is OPS. OPS at times does request our assistance but their main back up is the OPP.**
- Given the above COA (Coverage of Harrington Lake residence and Rideau Grounds) any request from another agency would likely require the attendance of O Div TSG resources as we anticipate it will take National Div TSG and possibly C Div to cover both locations.

All of this is subject to change given direction and intel from POCC and our partners.

Please let me know if you require anything further
